MERN STACK LEARNING PATH

MERN Stack is a collection of powerful technologies and robust, used to develop scalable master web applications comprising backend, front-end, and database components. It is JavaScript that is used for the faster and easier development of full-stack web applications. MERN Stack is a technology that is a user-friendly full-stack JavaScript framework for building applications and dynamic websites.

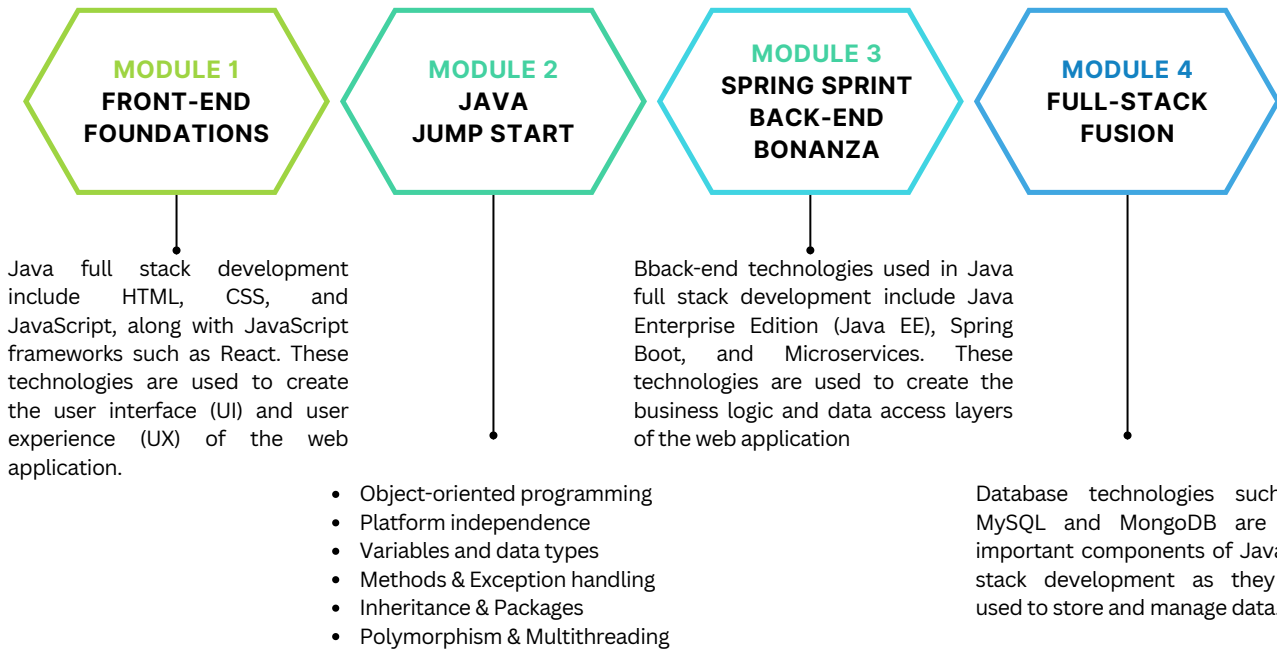

PYTHON LEARNING PATH

Python is a versatile all-purpose high-level language which is used for scientific data and other structured as well as unstructured data. A full-stack Python developer has expertise in using the Python suite of languages for all the applications.

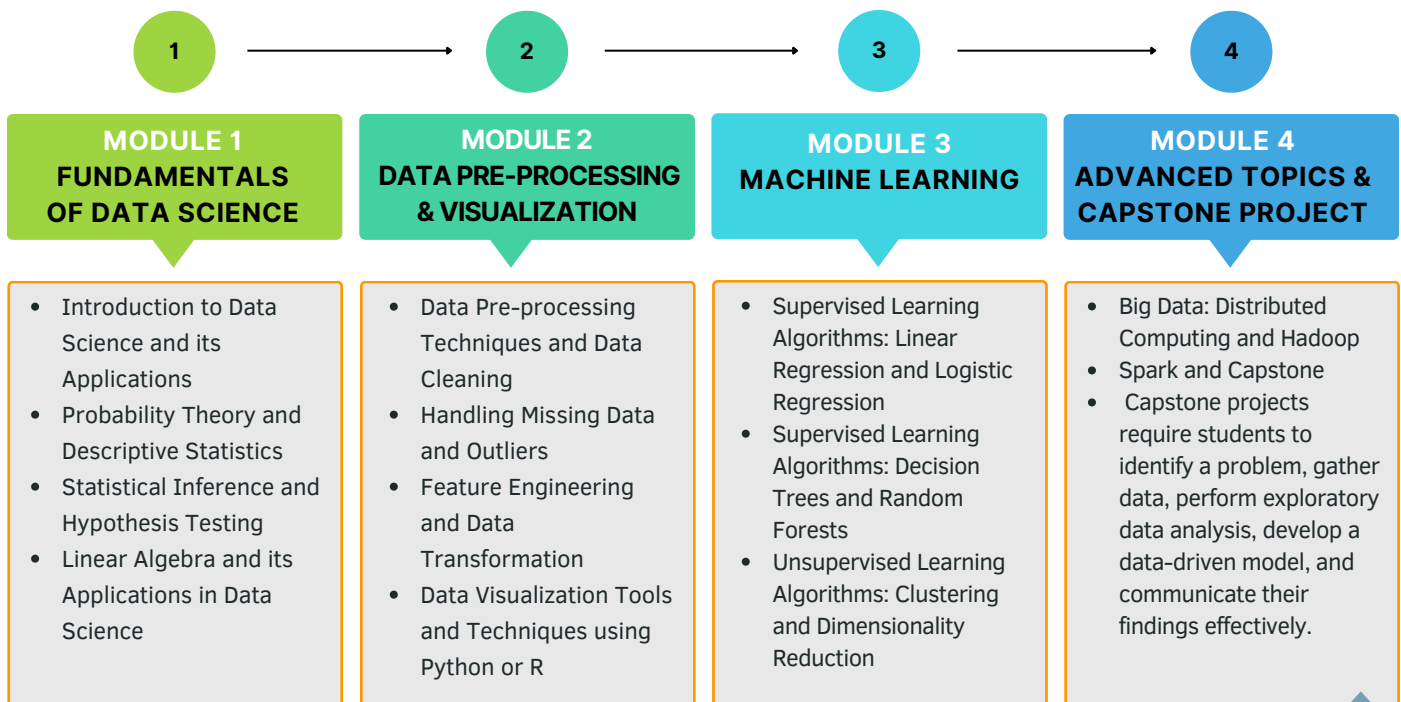

JAVA FULLSTACK LEARNING PATH

Java Full-stack developers will work with full-stack tools and frameworks compatible with Java. Their skills center around core Java and the Java ecosystem. Their expertise lies in working with the complete Java suite of technologies, including web architecture, databases, REST API, and servlets that are required to build websites and apps

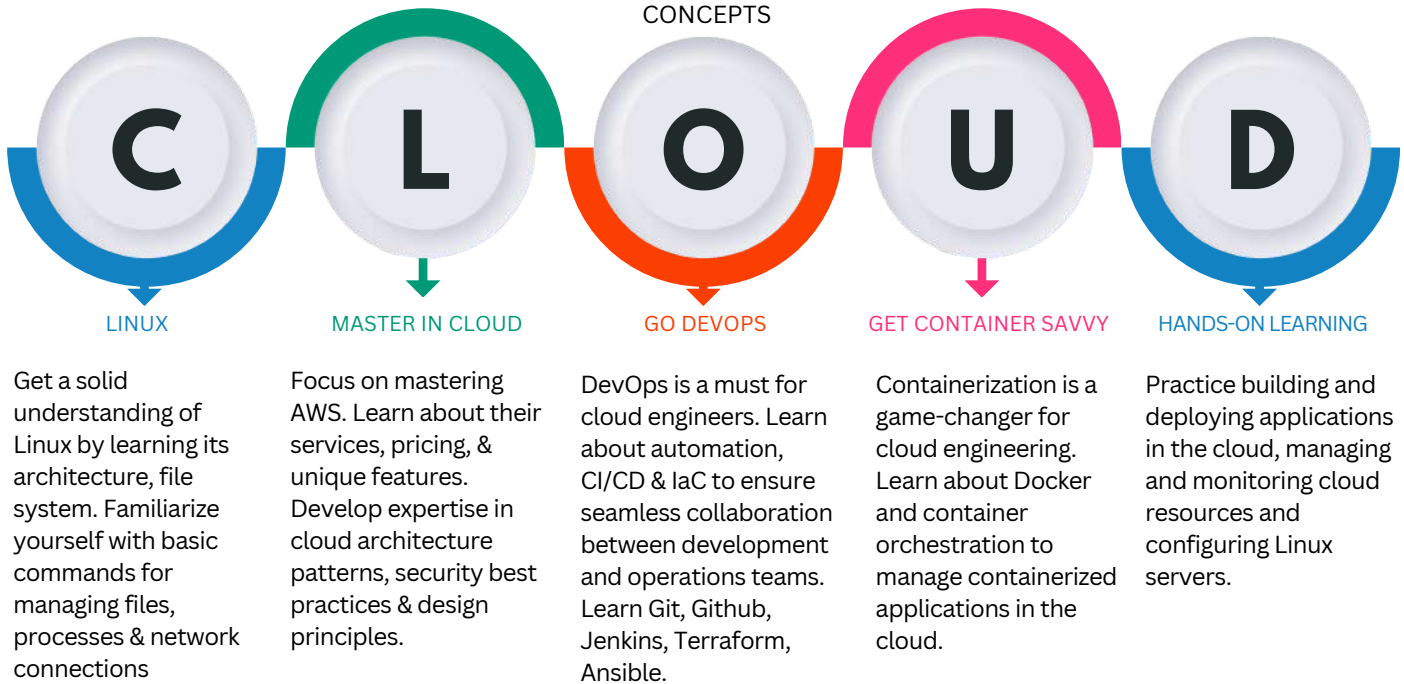

DATASCIENCE LEARNING PATH

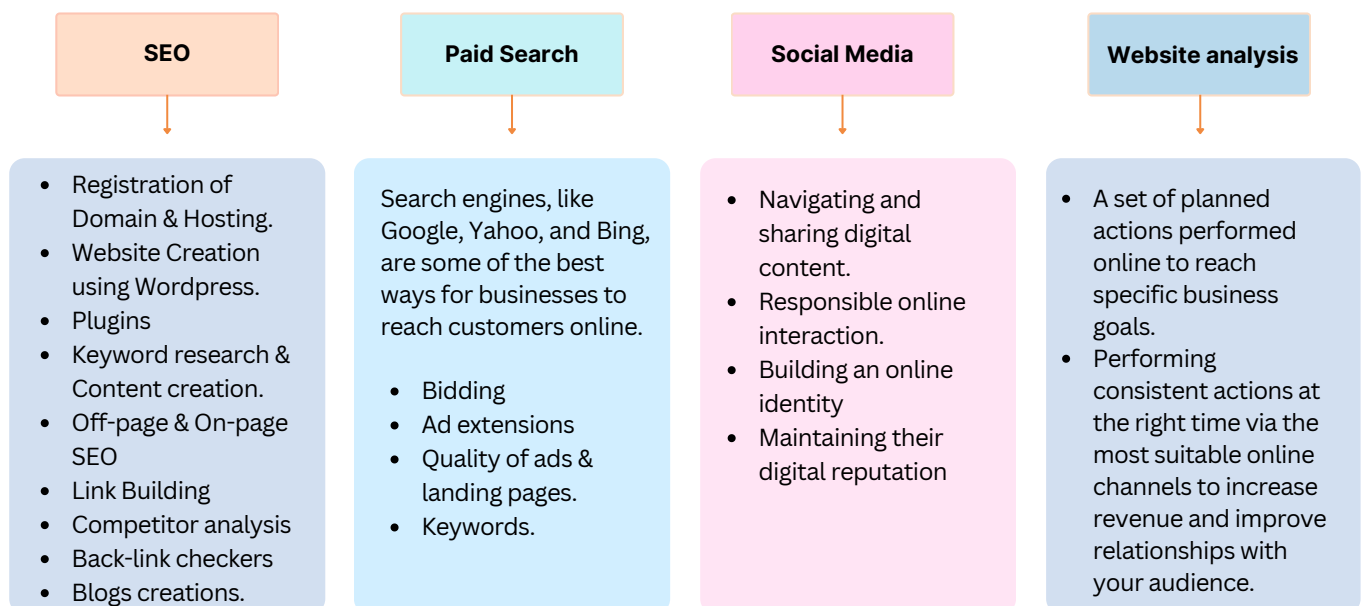

CLOUD-OPS LEARNING PATH

START WITH HARDWARE & NETWORKING UNDERSTANDING THE BASICS COMPONENTS OF SERVER AND NETWORK CONCEPTS

DIGITAL MARKETING LEARNING PATH

STRUCTURE OF TRAINING

Induction

Before the start of training, our HR and Councilors will have meetings for all new students and trainees to go through the training procedure, methodology, and other rules and regulations.

Training

We have different phases of training.

Step 1: Pre-Assessment

Step 2: Conduct online/ Offline training

Step 3: Working on Industry related projects

Step 4: Final assessment

Live Project

Be Practical works with industry partners to connect students to real-world projects where they must perform hands-on work, directly assisting them in finding satisfying employment.

Evaluation

Each individual is evaluated not only technically but also on a number of other criteria as part of Be Practical's unique and industry-leading evaluation procedure, and our HR consults with people to develop an improvement programme.

PLACEMENT ACTIVITIES

1. Assessment Test

Be Practical evaluates a person's knowledge, abilities, and personal attributes and rates them on a scale of 1 to 10. To strengthen any weak areas, an individual improvement plan will be discussed and put into action.

2. Resume Building

We go through great lengths to create a trainee's profile with the appropriate key words and ensure that profiles have been uploaded in all employment portals. This aids them in obtaining phone calls directly from recruiters.

3. Group Discussions

We evaluate students using assessment tests to gauge their knowledge, skills, abilities, and personality traits. Employers frequently utilize these examinations to assess the academic skills of applicants.

4. Mock Interviews

Industry experts from our partnered companies conduct technical interviews and share the findings with HR. This directly helps trainee's in preparing for actual interviews and also to understand individual strengths and weaknesses.

5. Industry Related Project

Experiential learning that integrates knowledge and theory learned in the classroom with practical application and skills development in a professional setting.

STUDENT REVIEWS

Arjun

Well trained trainers having vast knowledge about the topics i had opted MEARN stack and I got placed before the course gets completed Thanks to Ganesh sir and Javed sir for supporting me and i would like to thank Aliya mam and Kavitha mam for supporting for placements.

Krishna tripathi

Very good environment for freshers you Can start your career and also the HR mam is very humble and helpful And she always conscious about your placement. thanks to kavitha mam Great institute

Arjun Anand

I have been looking for a dress for a long time. It fits well and it is very cute. I fell in love with it when I first saw it in the catalog. I am so glad to have found it!

Bijoy Kumar Gupta

Its a good institute.They are helping us to get the job and giving carrer guidance. HR Kavita mam guided us with good opportunities and helped in getting placed. Thanks to BE Practical

Sumit chouhan

I am 2022 passout student from.mca branch I had enrolled for MERN stack in be- practical. Now I got placement from Be practical. I am thankfull to my trainers ganesh sir, javed sir, HR kavita maam, chetan sir and asha maam

Gandla lakshmi prasanna

BE graduate passed out in the 2019,then I have tried government jobs not through ,so I decided to get into the development and Be practice helped me in placement got placed in health singz as a software developer with satisfying package of 3lpa,thanks hr and Be practical team.

Pradeep Michel

I am not sure but I have so much confidence that I will get job becoz I have joined in this past 15 days back but the teaching level is very properly. Javeed sir is very well knowledge and he teaches very well & any doubt he will explain. So I can recommend this you can join and you will get succeed definitely

Lavi

Institute is good. Management is doing good work they always take responsibility of student nicely specially HR kavitha ma'am. Thank you so much kavitha mam.

Pujari Naresh

"I recently completed a MERN FULL STACK at this institute and I can confidently say that it was a great experience. The faculty members were knowledgeable, approachable, and supportive, which helped me to succeed academically and professionally.

Rakshitha B R

I have taken a course of digital marketing at Be practical and very satisfied with the way of their teaching and their comfortable nature and I am getting useful knowledge from this thank you Be practical

Pooja Siddu

I had a great time doing this Software Testing course. Thank you for all the assistance and specially Namitha mam well taught and made easy for the student to understand, it has been delightful and very gratifying.

Ajay BE

I was a 2016 Diploma passout and was doing some job, then i thought to restart as a software developer then i enrolled for MERN stack in Be-practical and learnt programming. Now I got a job as SAP developer through Be-practical. Thank you.

Prabin Rakshit

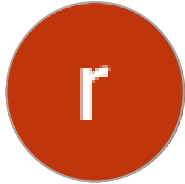

I was a 2019 MCA passout and was doing job that was not a proper code based and I wanted to get into Front end development. Later I joined Be-Practical for MERN stack and learnt the necessary skills. Then I got a job offer through Be-Practical as a Junior Developer. Thank You.

Archa Bajpai

I visited Be Practical as a part of my industrial visit and I must say that the ambience was commendable and the staff were well mannered. Everything was upto the expectations and we got to learn a lot about their work culture. Everyone must visit Be Practical if they want to enhance their career.

STUDENT REVIEWS

★★★★★

Raghavendra R

One of the best training center and placement service in Bangalore and HR will assist you very well in placement thank you very much be practical . and the trainers are very knowledgeable

★★★★★

Rohit Hukkeri

I am a Graduate,2021 passout, i joined be-practical for MERN stack course and i got placed in waycool.Thanks for the supports from Be practical .

★★★★★

Sachin dwd

The great place for executing skills, The collegus are more friendly and helps in critical and deficult situation. the environment of the office is peace & prospectus ...hard to leave the office

★★★★★

Vinod kumar gowd Hothuru

Hi, I am vinod basically iam from Mechanical stream after BTech I don't know what to do my friend suggested me to go software side then I started reasearch about best institutions later on I get to know about this institute.

★★★★★

Karthik P

I'm interested to learn and work in AWS aspect.So I got to know that Be practical tech solutions is providing cloud computing course and i opted it a couple of months ago.Training was excellent with good interaction. supportive and clearing as many as doubts.

★★★★★

Deepika Sreeramaiah

I took 3 months of digital marketing course in Be Practical Solution and must say that it helped me a lot. I sincerely thank Chandini mam for her training and the entire team to be so helpful.

★★★★★

Sachin Javalagi

I am a mechanical engineer, i was new to IT and be-practicals is an institution where anyone can learn coding. They start from the scratch, the teachers are very friendly and are available anytime

★★★★★

Sreenivas Madala

Joined Be-Practical Tech Solutions for MERN full stack Course in order to restart my career. I am BCA graduate 2013 passed out. Thanks to Ganesh sir Special thanks to Harish sir and Aasha mam for giving support to get placed in Waycool Censanext..

★★★★★

Shivakumar Sarthi

I am from ECE background passed out in 2021 batch I planned to shift my career into software domain and i joined Be-Practical tech solutions. I went 5 months internship training for waycool and i placed job in waycool wit 4.5LPA high package.

★★★★★

Kiran Vki

,i went 5 months internship training for waycool and i placed job in waycool with some decent package.I would like to thank my trainer Javed sir and Ganesh sir for their continuous support.I would suggest Be-Practical for all the freshers and people who is looking for software domain.

★★★★★

Dhinakaran

after successful completion of my course I got trainee engineer in Be Practical for period of 5 months at the end of training period I got selected in WayCool with a good package and faculties

★★★★★

Rohit Nair

My name is Rohit. I've studied bba and passed out in 2021. I've been placed to Teal as an Executive Associate.The Faculty who had taught me (Ganesh sir) had made me well acquainted with the topics even if I was from non technical background .Thank you so much Team Be-Practical.

★★★★★

Rashmi Kulkarni

I passed out in 2017 in MSc Computer science branch and had 3 years of gap in career and I worked as Lecturer. Be practical solution helped me to get hired in IT Company on .net technology.

★★★★★

Archana Bajpai

I'm an civil engineer by graduate & always wanted to Join MERN it was my favorite tech stack & I used to learn those technologies from different free resources & I was cluttered with the amount of free content available & it was so difficult to follow. & I got to know that BE-Practical Tech Solutions team has providing quality and structured training on latest technologies
